

Top Tip for Communication at Home

Choice board

Think about your child's interests.

Do they like looking at certain books? Playing with certain toys? Watching certain TV programmes?

Take photos of books, toys or download images of TV programmes to make a choice board. Stick the photos onto a tray or a piece of sturdy card with Blu Tack and offer your child a choice of toy or programme.

Encourage your child to look at or point to the picture of the thing they want and give them that thing, using the language "I want...."

Make sure you give lots of praise!
