

## Blog 1 – Meeting at St John’s

Today The Birches Sports Ambassadors went to visit St John’s Sports Ambassadors. When we arrived they gave us a tour of the school and shown us all the exciting areas they had around school where they could do sports.

After the tour the children sat down and discussed what activities they could organise for both schools to take part in.

The ideas they came up with were: Boccia and New Age Kurling training and competition, Integrated football training/match, Dance/Cheerleading performances at each other’s assemblies and cycling together at Simply Cycling sessions at Longford Park.

We are all really excited about these plans for sporting activities with St. John’s.
